MORE SHEEP ARE FOUND IN THE COUNTY OF WEBER

State Board of Equalization Adds 40
Per Cent to the Reported Value
of These Animals.

The Weber county commissioners received notice yesterday from the state board of equalization to the effect that it had added 40 per cent to the value of sheep as returned by the county assessor. With the notice was an explanation that the sheep inspectors found the sheep in Utah, while the county assessors found but 1,400,000. This leaves 2,600 animals unaccounted for, not taking into account the lambs at all, and leads to the increase in the valuation by the state board, taking the figures of the inspectors rather than those of the assessors.

Under the franchise the fares from Salt Lake to South end, South street shall not exceed 5 cents, 10 cents to Murray and 20 cents to Sandy and Bingham Junction. AMENDMENT TO FRANCHISE GOES

Bamberger Railway May Not
Carry Passengers Within
City Limits.

Routine business occupied the greater part of the time of the special session of the city council last evening. One of the most important matters taken up was the approval of the amendment to the franchise of the Salt Lake & Ogden railway which permitted the construction of curves and switches by which it might connect with the tracks of the Utah Light & Railway company and forbidding it to carry passengers within the city limits. The amendment was asked for by the interior committee and was unanimously approved by the council.

A disturbance was occasioned by the presentation of the report of the sanitary committee, asking that the petition of Charles J. Erickson that he be relieved from the payment of \$40 for the care of his wife at the isolation hospital be denied. Councilmen Cowburn and Fernstrom said that any change of the health department for attendance at the isolation hospital for smallpox patients was illegal. The action of the board of health was defended by Councilman O'Donnell and Black. Finally the report was laid over a week pending a report from the city board of health.

A contract with the World Decorating company was made for the decoration of the city side of the city and county building for G. A. R. week, at a cost of \$150, was approved.

The special committee of the council appointed to regulate restaurant prices during G. A. R. week held a short meeting previous to the opening of the council meeting. The committee decided to hold another meeting on Tuesday evening at 7 o'clock, to which every restaurant keeper is invited. An effort is being made by the council to prevent restaurants from raising prices during the encampment.

The council will meet on Tuesday instead of Monday evening, in order that the councilmen may have an opportunity to attend the evening performance of the circus.

CITY BUSINESS TO WAIT WHILE CIRCUS IS HERE

The officials of the juvenile court and the members of the city council yesterday decided to give the circus the right of way. The juvenile court decided to hold its session on Tuesday, instead of Monday, in order to give the juvenile offenders the opportunity to see the circus parade.

On the occasion of the last circus there were few youngsters who appeared before the court, and they were only reluctant attendants. Their ears were turned toward the disappearing sounds of the steam calliope and the admonitions of the court did not sink deep.

The council last night adjourned until next Tuesday evening, skipping the Monday session in order to give the older but none the less playful and sometimes mischievous youngsters the opportunity to attend the evening performance of the circus.

At the close of the class work luncheon was served.

A. Markel, Mrs. Amelia Bissell, Mrs. Williamson and Miss Essie Seath, banner bearers.

JOHNSON WANTS WINNER AND LOSER'S END TO FIGHT

Detroit, July 29.—Jack Johnson, the colored heavyweight pugilist, said tonight that he regarded a fight with Jeffries as an improbability. He anticipated, he said, that Jeffries would exact conditions which he would find it impossible to accept. He would not stand for any guaranty, he insisted, but would demand straight winner and loser division of the money.

HUSBANDLESS WIFE IS ASKING FOR A DIVORCE

Hans J. Arnoldus Shows He Procured
Decree Last May in Montana
by Default.

In an answer to the complaint of Mrs. Isabelle A. Arnoldus, suing for separate maintenance, Hans J. Arnoldus of Basin, Mont., asks that the complaint be dismissed for the reason that he has already secured a divorce from his former wife, in spite of the fact that she appears to know nothing of it. The divorce decree was secured by default by Arnoldus in Big Horn county, Montana, on May 11, 1909, on the grounds of infidelity. With the answer is a certified copy of the court proceedings in which the decree is granted.

In her complaint Mrs. Arnoldus charges desertion on May 15, 1909, four days after Arnoldus alleges that he secured the divorce. Mrs. Arnoldus asks for \$75 a month separate maintenance and the custody of three children. Arnoldus is the proprietor of the Daily hotel in Salt Lake.
